

New equipment on offer

SHINI EUROPE

Bulk-bag ripper

Bulk-bag ripper is innovative solution for splitting all kind of bulk-bags available on the market. Handling loading process will be: faster, safer and much more easier then using the standard tools. We offer units for Shini storage tanks and also for other tanks- based on customer drawing.

Features of bulk-bag:

- fast and safe discharge the bulk-bag
- easy to instal and use
- minimise the material waste
- long service life
